Vendor Relationship Management

CUNA Strategic Services VendorTrack™: Powered by TraceSecurity
<http://strategicservices.cuna.org/vendortrack.html>

Now there *is* a better way to manage vendor relationships!

Manual systems can make a difficult job almost overwhelming. If you're feeling buried in vendor management regulatory requirements, renewal dates, automatic roll-overs, and more — get out from under that heavy load with VendorTrack™. It will simply and efficiently manage third-party relationships!

- **Increase Security:** securely upload and store vendor data in an environment that meets NCUA's due diligence requirements.
- **Reduce Risks:** create and maintain a list of current vendors and assign criticality to each relationship through one centralized source.
- **Reduce Costs:** receive the basic functionality of VendorTrack™ at no cost with no contract commitment!
- **Increase Efficiency:** easy-to-use resource prospects and compares potential new third-party relationship while reducing manpower and costs.
